NEW SPORTSMAN DATA ACQUISITION SYSTEM

Introducing the all new Sportsman Data Recorder from Racepak! This new data acquisition system is designed to meet all of the needs of the sportsman racer, including their budget.

The new Sportsman Series incorporates the same V-Net technology used by the professionals, but in an economically priced package. In its base configuration, you can record and download engine and driveshaft rpm, battery voltage, acceleration G's and lateral G's. There are up to 21 channels of data available for other accessories and sensors.

After a pass, simply pull the SD memory card out, and open the information on your PC using Racepak's DataLink software, no cables are required. You'll be able to see how your engine and car perform on the strip, and use that information to help you win!

INTERNAL SENSORS:

- Engine RPM
- Driveshaft RPM (incls sensor)
- Battery Voltage
- Record Button
- 2-Axis G-meter
- 12 Volt Event

KIT INCLUDES:

- Sportsman Data Logger
- User-terminated harness
- Driveshaft collar, sensor, and mount bracket
- Record Button and SD Card
- USB to Serial adapter
- Serial cable

VNET PRESSURE MODULES & ACCESSORIES

220-VP-PT-BST75

RP-220-VM-AF1

RP-230-VM-USM

Analog V-Net Modules with Sensors (pre-programmed)
 These pre-programmed analog function module and sensor combinations are ready for plug-and-play installation on the V-Net cable.

PRESSURE /VACUUM

(Note: All pressure and vacuum modules have a 48" pigtail cable between the V-Net module and the sensor.)

PRESSURE Starting @ \$249.00

- Boost (Manifold) 0-75 psiRP-220-VP-PT-BST75
- Brakes, 0-1500 psi RP-220-VP-PT-B1500
- Fuel, Carburetor, 0-15 psi RP-220-VP-PT-CP15
- Fuel, Nozzle, 0-150 psiRP-220-VP-PT-NP150
- Fuel, Nozzle, 0-300 psi RP-220-VP-PT-NP300
- Fuel, Nozzle, 0-500 psi RP-220-VP-PT-NP500
- Fuel, Pump, 0-75 psiRP-220-VP-PT-PP075
- Fuel, Pump, 0-150 psiRP-220-VP-PT-PP150
- Fuel, Pump, 0-300 psiRP-220-VP-PT-PP300
- Fuel, Pump, 0-500 psi RP-220-VP-PT-PP500
- Manifold Absolute, (MAP), 0-30 In. hgRP-220-VP-PT-MAP
- Nitrous Bottle #1, 0-1500 psiRP-220-VP-PT-N1
- Nitrous Bottle #2, 0-1500 psiRP-220-VP-PT-N2
- Nitrous Fuel #1, 0-15 psi RP-220-VP-PT-NF115
- Nitrous Fuel #2, 0-15 psiRP-220-VP-PT-NF215
- Oil, 0-150 psiRP-220-VP-PT-OP150
- Oil, 0-300 psiRP-220-VP-PT-OP300
- Pressure Differential, 0-40" H²O to 15 psi RP-220-VP-PT-PD145
- Transmission, 0-300 psiRP-220-VP-PT-TP300
- Turbo Back Pressure #1, 0-75 psiRP-220-VP-PT-EP175
- Turbo Back Pressure #2, 0-75 psiRP-220-VP-PT-EP275
- Turbocharger Outlet #1, 0-75 psiRP-220-VP-PT-TB10
- Wheelie Bar, Left, 0-3000 psiRP-220-VP-PT-WBL3K
- Wheelie Bar, Right, 0-3000 psiRP-220-VP-PT-WBR3K

VACUUM Starting @ \$249.00

- Manifold, 30 psi-0-30 In. hgRP-220-VP-PT-BVAC
- Pan (Crankcase), 0-30 In. hg.....RP-220-VP-PT-PVAC

AIR FUEL RATIO \$369.00 (Single Channel)

- AF-1 single channel air/fuel sensor.....RP-220-VM-AF1
- 2 Channel Controller . .For use with 2 A/F sensorsRP-220-VM-LSU12

\$179.00

- Universal Serial Module w/o SensorsRP-230-VM-USM
